

Lake Hill, Panamint Valley, from the Big 4 Mine Road

Parking for this short hike; note that as this road is no longer maintained, it has some ruts that can be quite difficult to see until you bump over them. Therefore, it is safer to drive more slowly than it might appear is possible:

Panorama looking towards Panamint and Dolomite Canyons from the top of Lake Hill:

Panorama looking towards the Rainbow Canyon area:

Looking south down the Panamint Valley:

Looking back at the way we climbed up Lake Hill, following the ridge that heads down just to the left of the main ridge:

View of Telescope Peak on our way back to the car:

Old cars parked by the Big 4 Mine Road:
